50th Anniversary

Since May 1, 1969

It is our 50th anniversary
thanks to everyone

We would like to express my sincere gratitude to everyone
for their patronage and support in celebrating
the 50th anniversary of our company's founding.

We have always worked with the policy of
“Could you leave it to us? We would like to deliver what
you want and support you with it.” under the philosophy of
“Being freely, lively, and Actively”.

We continue to attempt to grow as a company
which can contribute to society even if only slightly.
We appreciate your continued support and encouragement.
